INSURANCE CODE OF CONDUCT

Hollard proudly supports the South African Insurance Association (SAIA) Code of Conduct.

The purpose of the Code is to raise standards of practice and service in the general insurance industry. The objectives of the Code are:

1. to promote better, more informed relations between insurers and their customers;
2. to improve consumer confidence in the general insurance industry;
3. to provide better mechanisms for the resolution of complaints and disputes between insurers and their customers;
and
4. to commit insurers and the professionals they rely upon to higher standards of customer service.

Information on the Code is available from the nearest Hollard office or from SAIA.

Hollard's commitment service

Hollard has adopted and supports the Code and is committed to complying with it. Contact Hollard for more information about the Code.

How to resolve a complaint or dispute

Talk to Hollard first

If the Insured has a complaint, the first thing the Insured or their insurance broker should do is speak to Hollard. The latest Hollard complaints contact information can be found on the disclosure notice attached to the Policy Schedule.

If the complaint is related specifically to a claim, speak with the insurance intermediary or insurance broker to discuss the claim with the claims officer managing the claim.

If the staff member or claims officer is unable to resolve the matter, the Insured's insurance intermediary or insurance broker may speak to a manager at Hollard. The manager will usually provide the Insured with a response to the complaint within a reasonable period of time. If the timeframe is impractical for any reason, such as the need for more information or further investigation, Hollard will discuss alternative timeframes with the Insured. If the Insured is not satisfied with Hollard's response or Hollard cannot agree with the Insured on alternative timeframes, the Insured then moves on to step 2.

Seek a review

If the matter is still not resolved Hollard will refer the Insured, the insurance intermediary or insurance broker to the relevant dispute handling department or area who will conduct a review of the dispute and will usually provide the Insured with a response to the dispute within a reasonable period of time. If the timeframe is impractical, Hollard will discuss alternative timeframes with the Insured.

If the Insured is still not satisfied with Hollard's response to the dispute or Hollard cannot agree on alternative timeframes, the Insured then moves on to step 3.

Seek an independent review

The Insured is entitled to seek an external review of Hollard's decision. Hollard will provide the Insured with information about options available, including, if appropriate, referring the Insured to the external dispute resolution scheme administered by the Ombudsman for Short-term Insurance (OSTI).

The OSTI is an independent external dispute resolution office and its service is free to Hollard customers. The OSTI will advise the Insured if they can assist.

Electricity Grid Failure is an interruption to or suspension of electricity supply, in any manner, from whatsoever source, and for any reason (including damage and any inability and/or failure on the part of the supplier) which affects an entire municipality (including local, district, regional or any other level that is created by law) or province or the country at substantially the same time, including any interruption, power surge or suspension at the reconnection or reinstatement of electricity supply.

The theft covers of the policy have security requirements, such as alarm systems. It must be noted that there is no cover in place if these requirements are not met in any way, whether directly or indirectly due to Electricity Grid Failure. The Provision in the alarm warranty that states "cover will continue to be applicable whilst the alarm system is not operative due to a failure of the public supply of electricity at the terminal ends of the supply authority's service feeders and that such failure is not due to any act or omission of the Insured." is deleted should such unavailability of electricity be as a result of Electricity Grid Failure.'

Where a limit is shown against this additional peril in the Schedule, the amount of such limit shall be the maximum liability of the Company in respect of any one event and, for the purposes of this Extension only, the following shall be substituted for the average condition hereinbefore expressed:

"If the property insured is, at the commencement of any damage to such property by discharge or leakage, collectively of greater value than the sum insured thereon against fire damage, then the Company shall be liable under this Extension only for that proportion of the first loss limit as the sum insured against fire bears to the total value of such property and the Insured shall be considered as being their own insurer for the difference and shall bear a rateable share of the loss accordingly. Every item, if more than one, to which this Extension applies shall be separately subject to this Clause."

Average extension: Day One Basis (non-adjustable) – applicable to buildings and machinery only

The items to which this Extension applies and their declared values are shown in the Schedule.

1. The Insured having stated in writing the declared value incorporated in each item to which this Extension applies and the premium has been calculated accordingly.

'Declared Value' shall mean the Insured's assessment of the cost of reinstatement of the property insured arrived at in accordance with the first paragraph of the Reinstatement Value Conditions at the level of costs applying at the inception of the period of insurance (ignoring inflationary factors which may operate subsequently to the fixing of the Declared Value) together with, in so far as the insurance by the item provides, due allowance for:

In the absence of such declaration, the last amount declared by the Insured shall be taken as the declared value for the ensuing period of insurance.
3. Notwithstanding any General Condition or endorsement to the contrary, the following wording applies to Provision 3 of the Reinstatement Value Conditions:

"Each item insured under these conditions is declared to be separately subject to the following condition of average, namely:

if, at the time of damage, the declared value of the property covered by such item be less than the cost of reinstatement (as defined in paragraph 1 above) at the inception of the period of insurance, then the Company's liability for any loss hereby insured shall be limited to that proportion thereof which the declared value bears to such cost of reinstatement."

The following special memorandum is added to the Reinstatement Value Conditions:

Where, by reason of any of these conditions, no payment is to be made beyond the amount which would have been payable under the policy if this Extension had not been incorporated therein, the rights and liabilities of the Company and the Insured in respect of the destruction or damage shall be subject to the terms and conditions of the Policy including any condition of average therein, as if this Extension had not been incorporated therein, except that the total amount payable shall be limited to a maximum of the percentage of the declared value shown in the Schedule.

4. In the event of loss, the liability of the Company in respect of property to which this Extension applies shall not exceed the sums insured stated in the Schedule.

5. If this Section of the Policy is subject to a capital additions clause, then such clause is deleted and replaced by the following:

"The insurance hereby extends to cover alterations, additions and improvements (but not appreciation in value in excess of the sums insured) to property specified herein (other than stocks) for an amount not exceeding 10% (ten percent) of such sums insured, it being understood that the Insured undertakes to advise the Company each quarter of such alterations, additions and improvements and to pay the appropriate additional premium thereon".

Unless agreed otherwise, these provisions shall only apply to the sum(s) insured in force at the commencement of the period of insurance.

At each renewal date, the Insured shall notify the Company of the sum(s) to be insured for the forthcoming period of insurance and the percentage increase required for such period. In default thereof, the provisions of this clause shall cease to apply.
