Claim free groups

The claim free group (CFG) for every Insured Vehicle is indicated on the schedule and is based on the number of

claims for a specific Vehicle during previous periods of insurance measured from one revision to the next. At the most recent renewal/anniversary date, the premium is based on the adjusted CFG as follows:

1. The revision date refers to a date ninety (90) days prior to the renewal/anniversary date;
2. A previous period of insurance refers to an uninterrupted period of 12 calendar months preceding the revision/anniversary date;
3. Claim free groups vary between 0 and 7 where 0 has the highest premium and 7 has the lowest premium;
4. For every claim during a previous period of insurance, the Company will reduce the CFG by 2 points at the next renewal/anniversary and increase the premium accordingly;
5. For every claim free previous period of insurance, the CFG will be adjusted upward by one point at the next renewal/anniversary and the premium will be reduced accordingly until it reaches the maximum of 7;
6. For example, if a private type Vehicle has a CFG of 4 and the Insured has another claim free period the CFG will be amended to 5 at the next renewal/anniversary date. If there is a claim, it will be adjusted from 4 to 2 at the next renewal/anniversary date.
